Whist To Benefit Our Lady Church

Ladies whose last names begin with N, O, or P will be in charge of tonight's big benefit whist for Our Lady of Perpetual Help church. The party will begin at 8:30 p. m. at Masonic hall. Score cards are nominal in price.

According to the committee, numerous attractive awards, including a cash first prize, will be made. The public is cordially invited.

RESPONSIBILITY

The flags of all the Americas decorated one end of the East Room of the White House and were draped over the room's main door. It gave me a curious feeling to sit there and watch the President at his desk, faced by all the microphones.

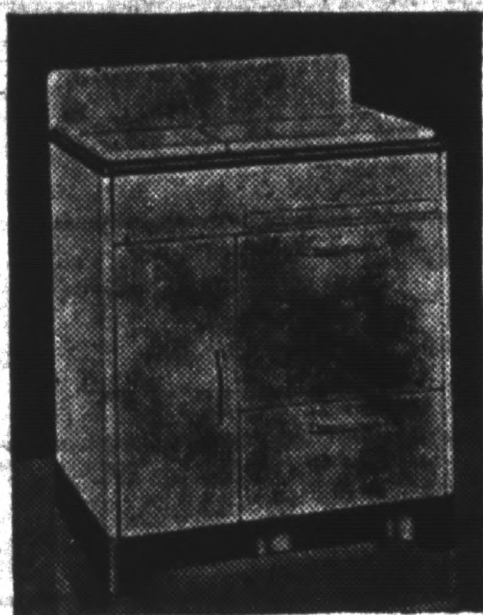

I felt as though all the newspaper photographers in the world were grinding and clicking in front of him. The atmosphere in the room was one of suppressed and intense excitement. Diplomats are trained to observe the amenities, no matter what they feel, but everybody's face showed some emotion as the evening progressed.

I felt strangely detached, as though I were outside, a part of the general public. I represented no nation, I carried no responsibility, except the responsibility of being a citizen of the United States of America. Then I looked at the President, facing representatives of all the Central and South American countries, Mexico and Canada. Like an incoming wave, the thought rolled over me:

"What a weight of responsibility this one man at the desk facing the rest of the people, has to carry. Not just for this hemisphere alone, but for the world as a whole! Great Britain can be gallant beyond belief, China can suffer and defend herself in equally heroic fashion, but in the end, the decisive factor in this whole business may perhaps be the solidarity of the hemisphere and, of necessity, (Continued on Page 6)

CO-STAR OF "ADAM HAD FOUR SONS," Ingrid Bergman and Warner Baxter are shown above in a scene from the new Columbia romantic drama, now playing at the Daly City theatre. Based upon Charles Bonner's best-selling novel, "Legacy," and directed by Gregory Ratoff, "Adam Had Four Sons" includes in its cast such stellar players as Susan Hayward, Fay Wray, Helen Westley, Richard Denning, Johnny Downs and Charles Lind.

Too shy
Fred Kral, 78 years old, is "too shy and embarrassed," according to his 64-year-old bride of Cleveland. So, Mrs. Kral freely admits, she not only did the proposing, but also reversed the usual process by bestowing a kiss on the blushing bridegroom at the end of the ceremony.

Book Wear and Tear
V. J. McHenry, who annually supervises the renewing of the 3,000 library books at the University of California, reports that it is always the first 20 pages of a book that suffer the greatest damage due to the efforts of students to concentrate on them. The middle and the end rarely ever have to be renewed.

WE RESERVE THE RIGHT TO LIMIT QUANTITIES

Mrs. Roosevelt

(Continued from Page 1)
city, the President of the United States must give that solidarity its leadership!

If we all preserve our freedom, it must be accomplished because we believe in each other, because we want to go forward with the democratic process, no matter how far short we may be today of perfection. We can only do this if we work together.

Then the President began to speak. For three-quarters of an hour he told us what conditions existed, what obligations lay before us and, finally, what his present step to meet these obligations was to be. More must follow, and day by day each one of us is going to realize that his life is changing, that he has an obligation to perform.

In my capacity of objective citizen, sitting in the galleries, I felt that I wanted to accept my responsibility and do my particular job, whatever it might be, to the extent of my ability. I think that will be the answer of every individual citizen of the United States, for whom all is said and done, it is our freedom to progress that makes us all want to live and to go on.

GASLESS SUNDAYS
I see that Secretary Tolson is suggesting that we have gasless Sundays and universal daylight saving thereby saving power. The gasless Sundays and less rapid driving might not only save gas and rubber, but a considerable number of human lives. The power, however, if it means fewer lights, will be hard on me, because I have acquired the bad habit of working late at night. When I don't do that, the temptation to read is hard to resist.

Older Citizens

A World's Fair has been held annually at London without interruption for over 700 years, breaking all records for business longevity. The map of Europe has been repeatedly redrawn, dynasties have risen and fallen, but the fair has remained the one thing permanent. The fair attracts business men today from 74 countries. American participation dates back for a century. The fair includes the newest art and industrial products available at the leading industrial countries.

Arctic Federal Theater
Myrmidon, Alaska, beyond the Arctic Circle, is to have a federal theater.

Nurses
The National Organization of Public Health Nurses is represented by 20,000 trained women who spread the gospel of good health in isolated homes of poor families throughout the United States.

First Dog Shot
Bobby, an Alsatian dog attached to a crack French Zouave regiment as a messenger, was the first dog to be shot by the Germans on the Western front, according to a report received in Paris. His body was recovered and was buried with the following epitaph: "Here lies Bobby, a messenger dog, who fell on the field of honor while rendering service."

China Elephant
Dr. William W. Christley, Corydon, Ind., dentist, found a tiny china elephant in the debris of the 1937 Ohio river flood. He kept it. Since then, he has collected more than 700 toy elephants, big and little, in every kind of material from ivory to sponge. He keeps them in his office.

Chemicals in Textiles
Textile fibers, including cotton, linen, rayon, silk and wool, are built up mainly from carbon, hydrogen and oxygen, although silk has in addition some nitrogen, and wool has nitrogen and sulphur.

Overabundance of Oil
When there is an overabundance of oil in the crankcase the spark plugs are likely to foul quickly and cause the motor to misfire.

Very Exclusive
The order of the Colonial Lodge of Masons in America, has but 485 members and is the most exclusive society in America. You must be a lineal descendant of the original colonists in order to qualify.

Not Religious
It has been estimated that only about 5 per cent of London's population concerns itself with church going.

Fruit Shortcake

Broadcast by Mary Lee Taylor
June 20, 1941

2 cups cake or all-purpose flour
2 1/2 teaspoons baking powder
1/4 teaspoon salt
1/4 cup soft butter or other shortening
1/4 cup sugar
1 teaspoon vanilla
2 eggs, separated
1/4 cup Fat Milk diluted with
1/4 cup water
1/4 cup sugar
1 1/2 cups well-drained, sliced peaches, fresh or canned (No. 2 can)

Turn on oven and set at moderately slow (350° F.). Grease a deep 9-inch cake pan. Sift flour before measuring. Resift with baking powder and salt. Cream together thoroughly the butter, 1/4 cup sugar and vanilla. Beat in vigorously unbeaten egg yolks, one at a time. Add flour mixture alternately with diluted milk. Begin and end with flour mixture. Beat until smooth after each addition. Spread batter in greased pan. Beat egg whites until stiff but not dry. Continue beating while adding gradually 1/4 cup sugar. Spread over batter in pan, heaping around the edge. Bake about 45 minutes, or until a wire cake tester or toothpick inserted in the center comes out clean. Cool. Just before serving, arrange peaches in circle on top of meringue. Serves 6.
